Art Unit: 3693

***Claim Rejections - 35 USC § 101***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 25 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The claims lacks a statutory apparatus within the body of the claim.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-24 and 26-41 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In the amended claims, the step

In the claim the steps of determining an asset allocation of the generated portfolio by comparing the asset allocation of the generated portfolio to the target allocation is indefinite in scope as to how the a generated portfolio (a list of assets) is compared to a target allocation (a list of percentages). In addition, the steps required to generate a portfolio are indefinite, thus a generated portfolio is indefinite. Even assuming a generated portfolio is made clear, the step of comparing is indefinite in scope, as to what is being compared and what is the outcome of the comparison.

In the claims, "closely matches" is subjective.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3693

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
